What made you decide to have your business become an Art Works Business Member?

TKM takes pride in calling Akron home. And I live in Akron with my wife. Akron is a major part of our lives and is a major part of our overall success. Investing in the Akron Art Museum was a great way for us to give back to this growing community. Plus, let's be honest, it's just cool to be part of the Museum!

What benefit of Art Works Business Membership do you appreciate the most and why?

The insider access to special events and members only events are great. This has been a way for TKM to get more involved as well as provided great opportunities for networking. In addition, we're happy to encourage our team members to take full advantage of all of the great benefits.

How has the Akron Art Museum impacted your business?

It's great that Akron can boast a top-notch museum. Business is one part of life—but only one part. To have a full life, we all need opportunities to fulfill our personalities and continue to grow. Having access to great cultural institutions, including the Akron Art Museum, makes the Akron area a better place to live and do business. On top of all that, TKM is proud to call Akron Art Museum one of our customers. The team at the Akron Art Museum shares our same values in working to become the industry standard for high quality. It is exciting for me to say that TKM is producing museum-quality work.

Are there particular exhibitions that are special to you?

We are really excited about the upcoming *Myopia* project with Mark Mothersbaugh. This event will highlight the work of a local legend. We were thrilled to get involved at the beginning of this project as a sponsor and contributor. We are producing custom Mothersbaughesque glasses to be given out to attendees.

Do you have a memory that you would like to share about the Akron Art Museum?

When we produce print or other work for an exhibit, we will often install our work outside normal business hours, before the public gets to see the exhibits. It is always really cool to then attend the opening of the event and see all the excitement. The museum does such great work, and we are always incredibly grateful and proud when we get to be a part of it, even if we play only a small part.
